

McKinley Elementary Virtual Open House Schedule

Dear Parents,

We understand that this is not anyone's preferred method of conducting Open House. Under normal circumstances, we would have a packed school with close to 900 people in attendance and 50+ people in any given classroom. Current conditions will not allow us to conduct this kind of traditional Open House safely. However, we are excited to meet our students and share information with our families.

Having said this, please use the following information in order to attend our virtual Open House. Keep in mind that you will need to have the Zoom app  installed on your device in order to attend open houses. (If you have a XCS Chromebook it is already installed.) There will be many families in attendance and a lot of information for teachers to present within a 30-min. time slot. In order to keep background noise limited, participants will be muted upon entry into the virtual room. There will be a Q and A time near the end of the presentation. Families are encouraged to use the "chat" tool to submit questions. We will attempt to answer questions within the allotted time. Any unanswered questions will be addressed via web-posting (available on the McKinley website) later in the week. Click on the embedded link that matches your child's grade level and use the given meeting information when it is time to attend your open house. Note that participants will be placed in a "waiting room" until the presenters are ready to begin.

All meeting passcodes are: **mckinley**

Kindergarten

Date: **August 17th**
Time: **5:45-6:15**
Meeting ID: **986 6172 4287**
